

Alan Armstrong

*President, Midstream
Williams*

Professional Experience

Alan Armstrong serves as president of Midstream. This position is responsible for leading Williams' Midstream businesses in Canada, the United States and Venezuela. Additionally, Armstrong serves as both a board member and the Chief Operating Officer for Williams Partners, L.P. (WPZ).

Previously, Armstrong served as Vice President of Gathering and Processing from 1999-2002; Vice President of Commercial Development 1998-99; Vice President of Retail Energy Services from 1997-98 and Director of Commercial Operations for Williams Field Services' Gulf Coast from 1995-97. He joined Williams in 1986 as an engineer.

Education

Armstrong graduated from the University of Oklahoma in 1985 with a Bachelor's Degree in Civil Engineering.

Industry/Community Leadership

Armstrong serves as President-Elect of the Gas Processors Association and serves on the Board of Directors of the Natural Gas Supply Association. Armstrong also serves as a member of the University of Oklahoma's College of Engineering Board of Visitors. In the community, Armstrong is on the executive committee for Junior Achievement of Eastern Oklahoma, is a board member for Goodwill Industries, the Jenks Public School Foundation and The Williams Foundation, coaches youth sports and works with his wife in supporting the Center for the Physically Limited in Tulsa.

Speaking Experience

Armstrong has spoken at numerous energy conferences and seminars, including Platts Energy Conference, Gas Processors Association, Pipe Liner Clubs and the National Energy Association. He has also presented at the Canada Energy Symposium and has been a Federal Energy Regulatory Commission panel speaker on gathering deregulation.

Ingenuity takes energy.
